- ...

Master thesis

title *Procedural Generation of Cities*

Languages

Portuguese **Native**

English **Professional working proficiency**

TOEFL iBT Certification - 2014

Computer Technologies

JAVA	Advanced	WebServices	Beginner
C/C++	Intermediate	JavaScript	Beginner
MySQL	Intermediate	Android	Intermediate
Linux	Intermediate	Mac OS	Intermediate
Eclipse	Intermediate		

Interests

Music After a 4 years learning to play piano I will always like to listen and to play to music, any kind of good music.

Food Like to cook and appreciate great food made with simple ingredients. It's my favourite method to explore my creativity. Always learning more.

Travel I Love to travel and know different places with different cultures and people.

Soft-Skills

- Team Work. After many successful projects accomplished with different teams in size and type through my education process, I gained a lot of experience with working with the team.
- Get things done. Goal focus mentality and the perseverance to make sure that the goals are accomplished.
- Creativity. I use my creativity to cook but not only, I'm able to came up with solutions to different and difficult problems by thinking out of the box.
- Multiculturality. Being a European with African ancestry, I am used to interact with different cultures.
